

# OUR DEVELOPMENT APPROACH FOR YOUR SOFTWARE SUCCESS

# SOFTWARE DEVELOPMENT LIFECYCLE

## Yalantis ensures quality of developed software by multiple guardrails

Once development starts, Yalanits constantly monitors quality of developed applications and solution overall. Our Center of Excellence (CoE) and Architecture Design office performs:

1. Architecture audit to ensure implementation of target architectural design decisions
2. Software application audit for core parts of solution - frontend, backend
3. Infrastructure, DevOps processes & cost optimization review.
4. Project management processes audit
5. Business analysis processes and artefacts audit
6. Automatic Code Quality check by SonarQube

Yalantis

# THANK YOU

Thanks for considering Yalantis. Visit our website [yalantis.com](https://yalantis.com) or drop a message at [hello@yalantis.com](mailto:hello@yalantis.com) if you're curious to find out more about us, our services, and the technologies we use.
